

EARLY CHILDHOOD *Expanded Programs!*

SUMMER & SCHOOL YEAR CHILDCARE 2022 - 2023 PROGRAM

MAPS Early Childhood is expanding offerings for quality educational programs focused on providing the best possible start for your student's educational journey.

Beginning with our summer schedule, we are offering age-appropriate programming, beginning at age 3, focused on student engagement. Studies show that early participation in this type of program can deliver long-term academic benefits for students.

We are beginning our program expansion to address our community's needs in a phased approach. We intend to grow these offerings overtime as resources are available and enrollment demand grows.

All current programs are outlined below.

All programs will be at Jefferson Elementary
